FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203, effective March 1, 2008, sets out the reimbursement guidelines for professional services.
3. The services in dispute were reduced/denied by the respondent with the following reason codes:

- 15(150)-Payer deems the information submitted does not support this level of service.

Issues

Does the documentation support billing code 99204? Is the requestor entitled to reimbursement?

Findings

On the Table of Disputed Services the requestor noted that the date of service in dispute is September 20, 2016; however, the bill, EOB and medical documentation indicate that the date is June 20, 2016.

28 Texas Administrative Code §134.203(a)(5) states “Medicare payment policies” when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare.”

CPT code 99204 is defined as “Office or other outpatient visit for the evaluation and management of a new patient, which requires these 3 key components: A comprehensive history; A comprehensive examination; Medical decision making of moderate complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Typically, 45 minutes are spent face-to-face with the patient and/or family.”

Per 28 Texas Administrative Code §134.203(c)(1)(2), “To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32.

(2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion factor in 2007.”

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Participating Amount = Maximum Allowable Reimbursement (MAR).

The 2016 DWC conversion factor for this service is 58.62.

The Medicare Conversion Factor is 35.8043

Review of Box 32 on the CMS-1500 the services were rendered in zip code 77030, which is located in Houston, Texas; therefore, the Medicare participating amount is based on locality “Houston, Texas”.

The Medicare participating amount for code 99204 is \$167.86

Using the above formula, the MAR is \$274.83 or less. The requestor is seeking \$266.36; this amount is recommended for reimbursement.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that reimbursement is due. As a result, the amount ordered is \$266.38.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$266.38 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
